

SUADE visits AISM

Continuing with their 10-year celebrations, staff and students at the Australian International School Malaysia (AISM) welcomed Australian all-male 'acappella' performance group SUADE to their campus in October.

The group led two workshop sessions for students in the school choir groups. The workshop for the AISM Young

Voices (Year 3-4) was a very interactive session and the group advised the children about singing in harmony. The Vocal Ensemble (Year 5-10) learned about singing expressively to change the sound of their voices and quality of their choral work.

The group gave an explosive vocal performance to the school community

singing songs from GLEE, The Lion King, Bohemian Rhapsody, a Korean song and the Australian National Anthem without instrumental accompaniment and the performance truly rocked! The children absolutely loved the comedy banter that was part of their performance.
